At Mike's Music we believe that creating an ambiance is paramount to the success of any event. In addition to our disc jockey services, we can also compliment your event with Wireless LED Up-Lighting. Choose one of our seven stock colors or work closely with our lighting team to create an amazing palette of tones and hues that make a statement. Whether you are looking for a romantic or dramatic esthetic, we will transform your event space into something magical.

Our lighting team is professional, knowledgeable, and truly invests themselves in our events. They can create custom colors, which help to personalize your signature style.
