Dear Mike,

"First of all, there have been about 100 different people that have told Beth Ann and I that our wedding was the best wedding that they have ever been to. When we ask them what the best part of the wedding was, every one of them mention how good our DJ was and that the dancing was fantastic. Both Beth Ann and I believe that you made our wedding as perfect as it was for us. From the lighting to the photo booth to the introductions to dancing and the music, everything about our special day was absolutely perfect and it couldn't have been done without your great service!

From this point on, anyone that is looking for a DJ for ANYTHING is going to get a vote from me. I will direct them toward you (as if you aren't already busy enough).

We truly appreciate everything that you did for us and how easy you made everything for us on our special day. No one email, letter, thank you card, or phone call would be able to do justice for thanking you for how well we thought you did and how special you made our special day."

Thanks again!

Dear Mike,

"I wanted to thank you again for the AMAZING JOB that you did. Our wedding was the perfect balance of class and "club". You are a master of the turntables and I could not be happier with the atmosphere and party that you held down all night."

Dear Mike,

"We're so thrilled that we hired you as our DJ and wanted to thank you for making our wedding at White Cliffs the fun party that we wanted! You had our guests dancing until the final song and they loved your music selections!

You were our favorite vendor to work with and made the planning process painless. Your communications leading up to the wedding were outstanding, as you returned emails and phone calls instantaneously! You always made us feel like a priority and we appreciated that.

You are also the most reliable guy we know. With your freak accident the morning of our wedding, you should have headed to the hospital. Instead, you put on a band-aid and a smile and made it to the ceremony on-time; you stayed the entire wedding and headed to the ER later that night. Now that's dedication to a client! You could have easily sent a replacement DJ and we were so impressed and delighted that you were not going to miss our special day. Thank you!

Also, we're so happy that we used your up-lighting as well, which gave the dance room the club vibe that we wanted. Furthermore, we are delighted that we hired Shawn, your videographer to capture our wedding. He was there the entire time and we cannot wait to see the video to remember the event.

We believe that the music at an event sets the tone for the evening. Your ability to mix music to attract various ages on the dance floor was incredible and hiring you as our DJ was the best choice we made! Best of luck and hope to see you very soon!"

Dear Mike,

"What can we say? We knew from day one that we made the right decision to work with you for our wedding. Our guests have shared that it was the best wedding they've been to and we can't help but think that it wasn't solely due to our devilishly handsome looks. ☺

Your entertainment was, by far, one of the most well thought out, flexible, extremely professional services we've ever come across. No wonder so many people referred you! Thank you for not only providing us with music, but also with wonderful lasting memories to share for many years. You're the best!"

With Love,

Dear Mike

"David and I wanted to thank you for making our special day - ROCK! From the moment we walked in and brought "Sexy Back" to the "Last Dance" we were so happy that we chose you. Everyone danced all night! So much so that many chiropractors were busy the next day! From the salsa to the tango to the tarantella and back to the sexy back - no one was left sitting.

This is the reception we wanted and you made it happen - with elegance, professionalism and a beautiful smile. Your expertise in working the room, the facilities staff and all other the vendors, made our evening sail. Next thing we knew it was time for the last jam. Our parents were so happy and that made us ecstatic! Gracias - Grazie - Thank you!!!!"
